

ORIENT TECHNICAL AND TRADING CO., LTD.

Add: Lot 5 Quan Tru Industrial Park, Quan Tru Ward, Kien An District, Hai Phong City, Vietnam

Tel: +84 225 3678009 | **Fax:** +84 225 3678007 | **Email:** phuongdong@pdco.com.vn | **Website:** www.pdco.com.vn

Year of establishment: 2004

Authorized capital: USD 1.6 million

Field of business: Manufacturing and assembling plastic and mechanical products

Number of employees: 300 people

Area: 15.000 m²

Phuong Dong Company manufactures and assembles plastic and mechanical products such as semiconductor robot components, household appliances and molds. We have sustainable cooperation with strategic partners from Japan, Korea, Germany and France for more than 10 years.

Vision & Mission

We strive to contribute to the development of Vietnam's supporting industry with the goal of becoming the leading plastic and mechanical components supplier in Hai Phong..

Strengths

- ✓ Synchronous production line: Mold - Plastic injection - Printing - Assembly.
- ✓ Meet the diverse requirements of production equipment and materials.
- ✓ Always be ready for innovation and test production.
- ✓ Have a rich partner network in terms of size and business fields.

The benefit of customers

We build our prestige by affirming our commitment to the stable development of our customers through these outstanding following criteria:

- ✓ **Quality:** Qualified and stable
- ✓ **Delivery:** Prompt and flexible
- ✓ **Price:** Transparent and competitive

Strategic partners

Mechanical processing machine

TYPE OF MACHINE	MACHINE NAME	MANUFACTURER	QUANTITY
Machining center	KITAMURA-0iF, MAKINO PS105, LEADWELL MCV-1000L, YASDA-600N, HYUNDAI I-Cut 380Ti, MITSUBISHI M-L10B, MORI SEIKI-Dura 5060	KITAMURA, YASDA, MORI SEIKI, MAKINO, LEADWELL, HYUNDAI	33
Lathe	TAKISAWA TC 200, WASINO LJ-1N	TAKISAWA, TECHNO WASINO	05
Measuring machine	KANON 453, FARO-F04	KANON, FARO	02
Other auxiliary machinery	ENDSHU, MORISEKI, TRD1000G Drilling Machine, TRD-600C, ORK-1400 CIRCULAR SAW, HA-500 BAND SAW MACHINE, SG-64F SURFACE- GRINDER	ENDSHU, MORISEIKI	08
Total			48

Plastic injection machine

TYPE OF MACHINE	MACHINE NAME	MANUFACTURER	QUANTITY
80 – 300tons	LS-100, TW-120SL, TW-160SL, MA1600/540G, SA2000EKM 180C, IS-220FA1, KM 220C, MA2500/1000G, HTF250XB	TOYO, TOSHIBA, KAWAGUCHI, TEAWON, HAITIAN	13
300 – 500tons	PL 3600, MA3800IIS/2250ECO, HTF 450X, IS450GS-27A	TOSHIBA, HAITIAN	05
600 – 850tons	HTF 630, HTF 650X, HTF-700W/J1, J850-5000SSII, LU-850, IS 850	JSW, TOSHIBA, HAITIAN	06
Total			24

Products

Sewing machine parts

Material: POM, ABS plastic

Vacuum cleaner parts

Material: ABS, PC plastic

Parts of air conditioner and washing machine washing

Material: PP, HIPS plastic

Plastic injection mold

Material: P20, KP4, HP4M, SKD11

Robot components

Material: aluminium and steel

Automobile components

Material: steel
